Acquainting Agriculture Newsletter

*“The green fields,
the lofty trees, the
buds and flowers...all
invite our attention
and meditation, and
bid us become
acquainted with God,
Who made them all.”*

-E.G. White 3T p.333

Thank you for taking the time to read the first issue of Acquainting Agriculture’s newsletter. We know it’s important to keep everyone updated on the progress of our program, so please enjoy as we keep you informed.

Donor Dinner: funds being raised!

To kick start our program we had a special dinner, inviting all garden lovers out to Campion Academy.

The dinner’s theme was “Support your Local Farmer.” We were able to raise a good amount towards our yearly budget, thanks to some very generous donors!

*He who tills his land
will have plenty of
food, But he who
follows empty
pursuits will have
poverty in plenty.*

Proverbs 18:19

Land Cultivated:

It has been amazing to see God provide for this program. We were blessed by a very kind community member lending us their tractor/tiller/operator to cultivate our land. While there is still much to be done, our next step is to test the soil in the next few days and amend it with the appropriate minerals and organic material.

BEFORE

AFTER

Summer Travels:

Program Director, Anna Perea, will be traveling to a beautiful farm tucked away in Williamsport, Tennessee, called “Bountiful Blessings Farm,” owned and operated by the Dysinger family. While there, she will be attending an exciting seminar called “Winter Gardening” which will instruct in detail the specifics necessary to run a winter garden program. Knowledge in this area is key for any school’s agriculture program due to the academic calendar falling on the “off-season.” However, with such knowledge, winter will truly become an “on-season” time to plant!
